## INSIDE SPACES

Inside spaces will be approximately 8' by 5'. You will be furnished with one long table and two chairs. Freestanding displays within your space are allowed. Nothing can be placed on the walls. Please let me know if you will need to be near an outlet, as you will be charged \$10 extra if you do. You will need to bring your own extension cords.

## OUTSIDE SPACES

Outside spaces are larger, but you will need to furnish your own tables and chairs. You will NOT be allowed to park your vehicle within your space. You may pull your vehicle in the gate between 8:00 and 10:00 to unload. The gate will close at 10:30 a.m. so make sure you are unloaded and out by then. Some vendors prefer to park outside of the gate and cart their items in on the sidewalk. Please bring your own extension cords. Everyone coming in the gate, is required to pay the \$2.00 gate fee, but you can get a stamp if you need to go in and out. There will have signs on the doors, and around the outside area advertising the Country Market.
